4. **Resolution No. 14-225 Bid award for the 2015 Coroner Services Contract.**

**Warren McCloud, Coroner** stated the Resolution in question regards a Public Service Agreement (PSA) between the Lewis County Coroner's Office and Sunrise Funeral Home. This agreement is for the removal of decedents within Lewis County and also for the cremation of decedents that are indigent or unclaimed. The Lewis County Coroner's Office does not provide removal services for decedents and in the past, relied on a rotating mortuary system to perform these services charging a per removal fee. In the past few years the contract for the removals has gone out to bid and there had only been one mortuary submitting a bid. For the 2015 contract a call for bids went sent out and three bids were received. The lowest bid was made by Sunrise Funeral Home of Mossyrock, WA. Copies of all submitted bids are on file with the Lewis County Coroner's Office. Under this PSA with Sunrise Funeral Home, the removal of decedents will be made for an annual cost of ten thousand (\$10,000) to be paid in equal monthly installments of eight hundred and thirty-three dollars and thirty-three cents (833.33). The amount to be paid for indigent cremations is one thousand four hundred and ninety-five dollars (\$1,495.00) payable in two payments of seven hundred and forty-seven and fifty cents (\$747.50). These amounts are irrespective of the number of removals made or cremations performed. With the number of case handled by the Lewis County Coroner's Office increasing every year, this PSA is a way to effectively control an otherwise unpredictable cost for the county.

**5. Resolution No. 14-226 Approving an application for the design and environmental documentation of the runway improvements at the Packwood Airport.**

**Lee Napier, Director of Community Development**, stated this is a grant application(s) for the design and environmental documentation of the runway improvements at the Packwood Airport. Lewis County has the opportunity to further design and prepare environmental documentation related to the runway improvement with financial assistance from the FAA and DOT.

**6. Resolution No. 14-227 Authorizing an inter-local agreement with Cowlitz County for reimbursable work performed by Lewis County Public Works.**

**Tim Elsea, Director of Public Works**, stated this Resolution authorizes an inter-local agreement between Cowlitz County and Lewis County for reimbursable work performed by Lewis County Public Works for Cowlitz County. This is in the amount of \$10,033 plus an administrative fee of \$500 for striping work done by Lewis County Forces for Cowlitz County.

**7. Resolution No. 14-228 Approving modified Schedule A and Schedule B attachments to the existing agreement with the U.S. Forest Service, U.S. Department of Agriculture for cooperative maintenance of Forest Service roads.**

**Tim Elsea, Director of Public Works** Approving modified Schedule A and Schedule B Attachments to the existing Agreement between Lewis County and the Forest Service, US Department of Agriculture for cooperative maintenance of Forest Service roads.. Lewis County and the Forest Service enter into to these agreements to allow for maintenance of roadways that the other jurisdiction is not available or able to perform.

**8. Resolution No. 14-229 Bid award for the material purchase of a 120-foot single span prefabricated modular steel bridge.**

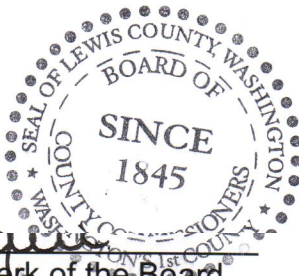

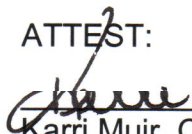

**Tim Elsea, Director of Public Works**, stated the Davis Creek Road Bridge (MP 1.07) was destroyed during the November 2006 flood event in east Lewis County. Bridge replacement options and alternate project proposals for this US Highway 12 loop route were discussed at a Public Hearing on February 6, 2012, no formal action taken. Public Works received one responsive bid for this project on July 22, 2014. Big R Manufacturing, LLC, Greeley, CO, provided the lowest responsive bid of \$387,314.62. The Engineer's Estimate for this project was \$344,960.00. The lowest responsive bid is above the Engineer's Estimate by 12%. FEMA, EMD and Public Works staff recommends acceptance of the low bid provided by Big R Manufacturing. Resolution approval will award this contract to Big R Manufacturing, LLC for \$387,314.62, upon presentation of a contract acceptable to Lewis County for material purchase of a 120-foot single span prefabricated modular steel bridge, Project No. 06F7019C and authorize the County Engineer to sign the same.

**Motion Carried 2-0**
